CERTIFICATIONS

Hands-On React JS From Beginner to Expert

Udemy | Completed Dec 2024

- Covered core React.js concepts, scalable components, and modern front-end practices.
- Gained hands-on experience with JSX, lifecycle methods, hooks, and responsive, high-performance apps.

PROFILE

Adaptable and motivated React.js Developer with hands-on experience building responsive, high-quality web applications using React.js, JavaScript, HTML5, and CSS3. Skilled in applying UI/UX best practices, translating wireframes and prototypes into scalable components, and collaborating with cross-functional teams. Experienced in state management techniques and optimizing application performance. Passionate about learning new technologies and enhancing user experience in the fast-evolving IT sector.

PROFESSIONAL EXPERIENCE

Frontend Developer

Aakam360 (5i) Private Limited | Sep 2023 - July 2024

- Developed and maintained SSEI college website front-end using React.js and JavaScript, ensuring clean, structured code.
- Designed responsive, cross-browser-compatible user interfaces aligned with industry standards.
- Collaborated with backend developers and designers to integrate APIs and ensure a consistent user experience.
- Utilized Git for version control, enabling smooth team collaboration and efficient code management.

PROJECT

Integrated Student Management Portal

Jan 2024 - April 2025

- Built a web app integrating Gatepass Approval, Complaint Management, and Gym & Wellness Management using React.js, employing strong product management strategies for feature prioritization.
- Enhanced campus operations through digital workflows and real-time tracking, focusing on user engagement and system efficiency.
- Leveraged AI for personalized fitness, nutrition, and mental health recommendations, showcasing adaptability to emerging technologies.
